7.6----

Bobby, here is an example of a spreadsheet of expenses. You may take a look at it.

You can be open-minded. Can you generate monthly/yearly expenses? Can you have expenses in different categories? I like your idea of having in come and outcome but maybe we can focus on outcome (expenses). Anyway, Just for your references.

1		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct	Nov	Dec	Yearly Total
2	Mortgage	2.000.00	2.000.00	2.000.00	Прі	muy	Jun	701	nug	Эері	001	1401	Dec	22,000.00
3	Home/Car Insur	353.91	353.91	353.91										3.966.53
4	Hydro	0.00	93.94	0.00										342.58
5	Water	0.00	0.00	86.72										216.58
